White-tail Deer, Black Bear and Waterfowl

Trophy Black Bear

Spring (May/June) or Fall (Sept.)

Hunters have an excellent opportunity at a Pope and Young or Boone and Crockett bear. Hunts are from pre-baited stands. Most stand site are fixed position stands or ladder stands with 10-20 yard shot distances. Baited stands are strategically placed in remote areas where bear traffic runs high.

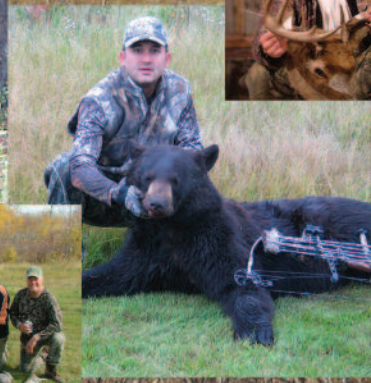

- Full 6 Day Hunt - Includes Food and Lodging
- Your choice of rifle, muzzle loader or archery
- Skinning & Trophy Prep Included
- Certified & Licensed Guides
- Non-Refundable deposit due upon initial booking

Waterfowl

Fall (September)

- 3 Day Min.
- Includes Food and lodging
- Decoys supplied and included
- Liberal Bag Limits

Trophy Whitetail Deer

Rifle/Muzzleloader (November)

Whitetails in this hunting area receive little to no pressure. This area produces typical and non-typical bucks consistently every year with real potential for a Boone & Crockett buck. Pre-scouting is done and ladder stands or ground blinds are strategically placed to catch monster bucks cruising for does during the peak of the rut.
